

INRIA ALTJE KALALO

inriakalalo37@gmail.com | www.linkedin.com/in/inriaaltjekalalo

A second-year Informatics student at President University with a growing skill set spanning full-stack development, cybersecurity, and AI. Passionate about understanding how systems truly work, not just how to use them, and committed to bridging technology and business through continuous learning across multiple domains. Actively explores business and investing alongside technical studies, with the goal of launching a tech venture.
